

# COLOUR+FINISHES

## FOR MASONRY FAÇADES

Nawkaw's comprehensive masonry services offer tailored colour solutions that bring new life to buildings of all types:

Our services include:

### COMPLETE COLOUR CHANGES

Nawkaw delivers bold, lasting colour changes for brick, stone, and masonry—no peeling & no fading. Just a fresh look that transforms your structure, like the house in the top right.

### MORTAR ENHANCEMENT

Revitalize and recolour mortar joints to ensure consistency and beauty, preserving architectural integrity like the images to the right.

### HISTORIC RESTORATION AND ADAPTIVE REUSE

Honour historical character through precise colour restoration techniques, breathing new life into cherished structures like the below images. Match new masonry precisely to existing brickwork, blending extensions and repairs flawlessly.

# GO BEYOND COLOUR

*Unlock the full potential of your masonry surfaces.*

Nawkaw elevates masonry beyond simple colour, employing specialized mineral stains that penetrate and chemically bond directly into brick, stone, and mortar. The result? Permanent, vibrant colour that enhances and protects, never peeling or fading.

Achieve seamless integration for repairs, new additions, or historical restorations. Our precision techniques ensure colour consistency across various masonry substrates, giving you the power to refresh, restore, and revitalize your buildings.

**Demand colour finishes that perform.**
